FUTURE PLANS

COMMISSION NEW WORKS We will to be a vehicle for living composers and hope to have a commissioning entity in each season. This could include a concert of all new music or a single performance of a premiere.

SEEK NEW COLLABORATIVE PROJECTS We wish to invite other arts leaders to propose collaborative projects. For example, if a choral performance includes French impressionistic music, we would invite artists, museums, and dancers, to provide French impressionistic showcases in their disciplines.

ENGAGING AUDIENCES As a voice for the arts, we will engage audiences of all ages, delivering performances with online and in person pre-concert conversations, in-concert commentary, and between concert communication.

EDUCATIONAL OUTREACH Educational outreach is a priority as we cultivate future voices for the arts. Students, teachers, music directors, choreographers, visual artists, and others involved in the education of artists can expect workshops, reduced priced and/or free admission to performances, and other special opportunities of connecting to our artists.

SUPPORT US

SPONSORS In addition to collaborating with other artists, we seek collaboration with local and national businesses, foundations, and individuals. We continually look for season sponsors to assist in promoting our vision and fund our concerts and events. If you or someone you know is interested in partnering with the San Diego Pro Arte Voices, please contact us at SDproartevoices@gmail.com.

DONATIONS We are incredibly grateful for our donors who share our passion for music. Your support will enable us to engage, enrich, and inspire the San Diego community through the transformational power of great choral music, performed by the local professional artists of the Pro Arte Voices. Your generosity will make a meaningful difference in what we are able to accomplish.
