What is the Pro Arte Voices?

The San Diego Pro Arte Voices is a 501c3 nonprofit organization led by Founder & Artistic Director, Dr. Patrick Walders, Director of Choral Studies at San Diego State University. It is comprised of local professional artists who are dedicated to presenting innovative performances as an individual professional chamber choir and as a larger collaborative partner with organizations such as art galleries, museums, universities, dancers, and instrumental musicians. The Pro Arte Voices is also the choir-in-residence for the San Diego Summer Choral Festival, whose members, as professional musicians, mentor student and adult amateur participants, and perform in concert.
